A big girl. Constructed for work. I would like her more feminine in head and expression. But you just have to give her full credit for her extremely nice construction and her wonderful movements. She has very nice dark eyes and good ears. Correct mouth. I just want her more feminine in expression. Everything behind the ears are to die for. And it fits together so well. and when she comes out running you can see she can go on forever. She is in very nice condition.
