11 months nice size nicely shaped head with almost paral lines beautifl dark eyes nice ear set not so well carried strong neck not strong enough topline rouching over the loin slouping croup Quite low tail set keeping her rear underneath her body at any given time. quite open angul in front mod in rear would love to see better bones and fore chest and the whole body to be fitter and leaner

color of the head is a bit dark quite dark on the legs as well comp quite light on lower legs flat feet both pasterns and hock should improve in strenght not balanced movem going far better coming from the side just short steps and lacking reach and drive
